

Muhammad Ahmed

Computer Science Student

👤 Profile

Passionate about coding and networking, I am always eager to learn and apply new skills. I thrive on challenges, seeing them as opportunities to grow and excel in my field.

💼 Employment History

Story Board writer at Fiverr, Lahore

May 2023 — October 2023

At this position I was responsible for everything other than animations. Starting from the first step of creative thinking and writing **Story board** for the client and then to adding **Sound Effects and Subtitles** for video enhancing.

🎓 Education

Bachelors in Computer Sciences, University of Management and Technology, Lahore

2022 — Present

Intermediate (FSc), Punjab College, Lahore

2019 — 2021

Matric, American Lycetuff, Lahore

2017 — 2019

★ PROJECTS:

Freight-Hub

Created Website Beautiful Landing page and a Working Contact Form. Everything in Website is created from scratch no external libraries were used for slideshow and more.

Portfolio-Site

Created portfolio which helped me in learning about framer-motions.
